GitHub: github.com/nitinbhagat12

email: bnitin10855@gmail.com
Mobile: +91-9302387323

SKILLS

Languages: Java, DSA, SQL, Figma
Frameworks: HTML, CSS, Bootstrap, Node.js, React
Tools/Platforms: Terraform, Git, Docker, Kubernetes
Soft Skills: Public speaking, Debate, Event Management, Team Management

Internship

Acmegrade Technologies

March 2023

Student Intern

Expanded a dynamic Online Banking System using Java, MySQL, and JavaScript, aimed at enhancing user experience, security, and banking efficiency. The system provides seamless banking operations with two main sections: Admin Panel for managing user accounts and transactions, and User Panel for customers to perform banking activities.

PROJECTS

Automated Infrastructure Deployment with Terraform —

March 2024

- Designed and deployed cloud infrastructure using Infrastructure as Code (IaC) with Terraform, ensuring consistency and scalability.
- Automated provisioning of virtual machines, networking, and storage resources across multi-cloud environments.
- Integrated CI/CD pipelines to streamline infrastructure updates, reducing deployment time by 40%.
- Tech:** Terraform, Git, Docker, Kubernetes

Full-Stack Fitness Tracking Platform —

August 2024

- Built a web-based fitness tracking application enabling users to log workouts, track progress, and visualize performance data.
- Developed the frontend using React and Bootstrap for a responsive UI, and implemented backend services with Node.js and SQL for data management.
- Integrated authentication, REST APIs, and dynamic data visualization to enhance user experience.
- Tech:** React, Node.js, Bootstrap, SQL

• **Real-Time Chat Application with Negotiation Bot** —

December 2024

- Created a real-time chat application with a built-in negotiation bot that assists users in handling offers and counteroffers.
- Used WebSockets for real-time communication and implemented backend logic in Node.js for message handling.
- Designed an intuitive frontend using React and Bootstrap, ensuring smooth user experience across devices.
- **Tech:** Node.js, React, Bootstrap, WebSockets

CERTIFICATES

Core Java by Techvanto Academy	July 2024
Cloud Computing by National Programme on Technology Enhanced Learning	November 2024
Ethical Hacking Essentials by Coursera	December 2023
Digital Forensic Essentials by Coursera	August 2024
Devops and Software Engineering by IBM	December 2024
Database Management by Udemy	March 2024

ACHIEVEMENTS

Student Co-organizer

- Code Focus
Event Conducted on Debugging, Blind Coding, E-Biz(Quiz), and Logo Contest.
- Emerging Technologies in the real-time Application
Webinar conducted about recent engaging Technologies over Software Industry.
- Tech Talks
Igniting Thought and Design Thinking talk through a virtual meeting.

EDUCATION

Lovely Professional University Punjab Bachelor of Technology in Computer Science and Engineering, CGPA: 5.7	Jalandhar, 2026
Lovely Yashwant Public School Senior Secondary School Certificate (12th Grade), CGPA: 7.9	Indore, Madhya Pradesh 2022
Army Public School Secondary School Certificate (10th Grade), CGPA : 9.6	Indore, Madhya Pradesh 2020
